

CHALK PASTEL BATS

Supplies:

- Black Construction Paper (two pieces)
- Chalk Pastels
- Pencils
- Scissors
- Tissue

Procedure:

With one piece of construction paper, draw your bat silhouette and cut out. Position your silhouette on the paper and trace your bat using the chalk pastels. Remove the silhouette and blend the pastel with the tissue using outward strokes. Repeat as many times as you want! We also added other nighttime details like the moon and stars.
